

Step 1: Install the Epic Games Store on your Android phone.

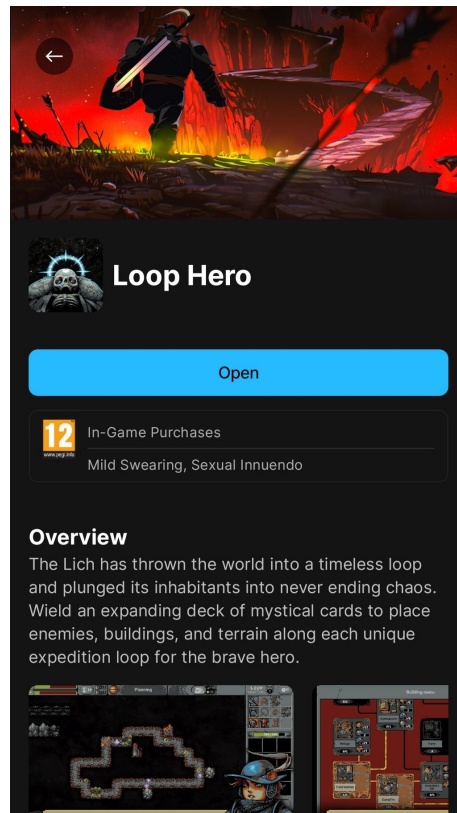

See instructions here: <https://store.epicgames.com/en-US/mobile/android>

01

Step 2: Purchase and install Loop Hero.

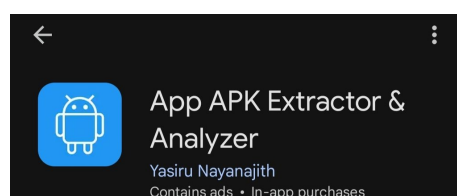

In the search bar, type 'Loop Hero' and purchase the game. Then tap install.

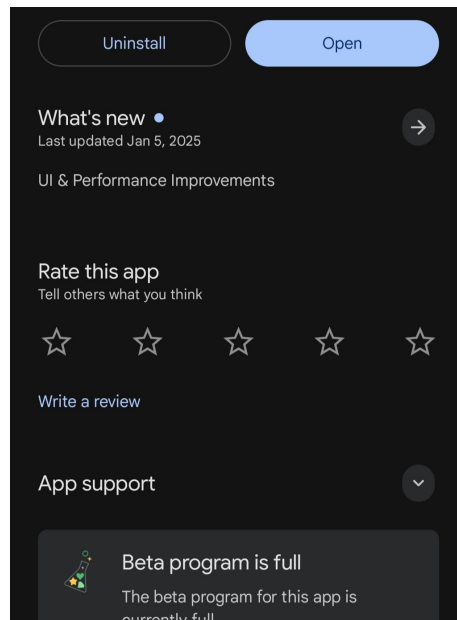

02

Step 3: Choose an APK extractor.

There are multiple APK extractors you can find online. This guide will use the following app: <https://play.google.com/store/apps/details?id=com.ytheekshana.apkextractor>

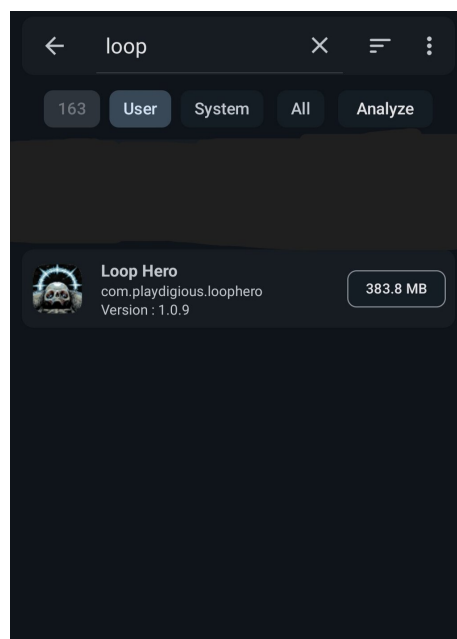

03

Step 4: Open the Extractor

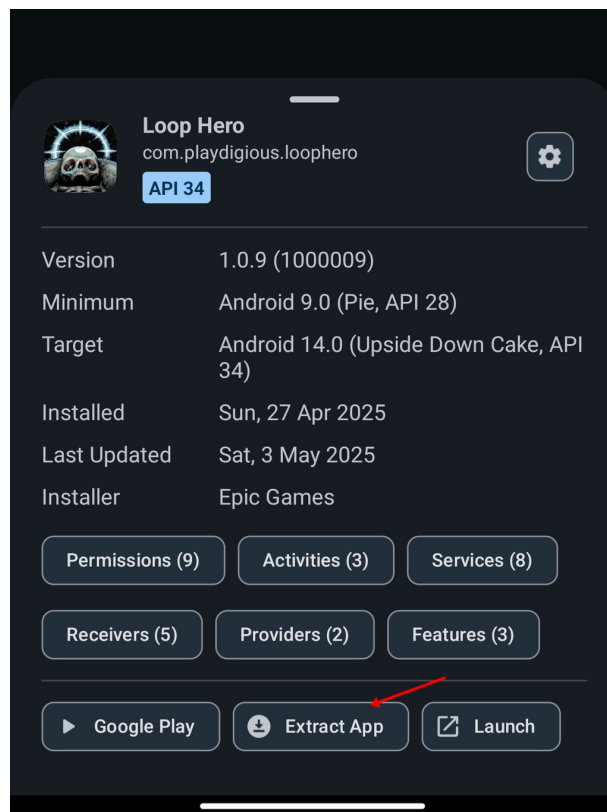

Open the Extractor app and find Loop Hero with the search bar.

Step 5: Back up Loop Hero

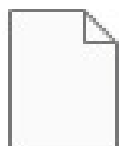

Tap Loop Hero and click "Extract App". Choose a directory where you can find the APK later.

Step 6: Copy the APK

Once the extract is complete. Connect your phone to your PC and copy it over from your phone to your handheld.
